

TTPRo Creo 3.0 Video Training Courses

Workshop V - Make a project of toy train (Concept Design)

[Video Clip for the modeling- Train_English](#)

Make 3D models for the toy train in imperial system : Make all the parts of the toy train with the techniques you learned. Chimney with yellow cap can be made as one part and scale it into three parts. Train total length is about 10". parts will be make in roughly scale. Dimension to be chosen as every 1/8" increasing. such as .125", .25", .05" 1.00", etc. Save all the 3D files into a folder as: **Train_English**

Model_unit_exchange

Switch Model unit between imperial system to Metric system.
