

TTPRO Solidworks 2016 Video Training Courses

Surfaces

Making a surface

1. Inter-surface Trim
2. Surface Merge
3. Extend surface.

video clip for above items: **Model_surface**

4. Intersect surface
5. Surface intersect
6. Solid intersect
7. Calculate volume for intersect.
8. Make intersect curve.

video clip: **Model_intersect**

9. Surfaces. Make simple surface in 3D, style surface.

video clip for above items: **Model_3D_surface**

10. Thicken

11. Solidify

video clip for above items: **Model_solidify**
