

TTPRO Solidworks 2016 Video Training Courses

Modeling features

Modeling Datum

1. Modeling_ plane
2. Modeling_ Axis
3. Modeling_ point
4. Modeling_ coordinate System

for above item together - video clip: **model-datum**

Features

5. Feature_ Extrude
6. Feature_ Extrude Cut

video clip: **model_shape_extrude**

7. Feature_ Revolve
8. Feature_ Revolve cut

video clip: **model_shape_revolve**

9. Feature_ Sweep
10. Feature_ Sweep cut

video clip: **model_shape_sweep**

11. Feature Sweep blend
12. Feature Sweep blend cut
13. Blend

Video clip for above items: **Model_3D_swp_blnd**

14. Feature_ Simple Hole,
15. Feature_ Standard Hole
16. Feature_ Drill Hole
17. Feature_ Hole Placement
18. Feature_ Hole Shape
19. Feature_ Hole Note
20. Feature_ Depth setting...
21. Feature_ Holes other detail introduction

video clip: **model_shape_holes**

22. Feature_ Round
23. Feature_ Chamfer
24. Feature_ Shell

for above items video clip: **model_shape_shell**

25. Feature_ Rib

video clip: **model_shape_rib**
